Dedication to an Outstanding Teacher

Mr. Charles P. Farmer

To you, MR. C. P. FARMER, we dedicate this 1962 edition of the DEMON'S DIARY because of your understanding, patience, guidance, and most of all because it's you! Words could never express the thanks that we hold in store for you. In the hearts of every student you will long be remembered, we'll never forget you or the many ways in which you have helped us. Again may we say thanks from the bottoms of our hearts.

Because of the moments you help us explore new regions.

Because of your moments of deep meditation.

History

In 1950, ten of the present twenty seniors, set out on a bright September morning, on the road to education. We were under the careful guidance of Miss Belle. We all had high hopes that were sometimes barely missed by "flying erasers."

Mrs. Edith West was our second grade teacher. This year as we began to learn the fundamentals of reading, writing, and arithmetic, we found school not to be so fascinating. We visited Mr. Clark's Dairy and Fairview Dairy. We also drew some pictures pertaining to dairies.

In the third grade, we were under the leadership of Mrs. Jane Kennedy. Mrs. Kennedy taught us how to make puppets and we also gave a play. The girls will never forget how sick the boys got when they tried tobacco chewing for the first time!!!

Mrs. Howard was our fourth grade teacher. This year we gave a play, "Hansel and Gretel." We also built a ranch on the school yard. John Covington joined us this year.

We continued our education in the fifth grade with Mrs. Vera Lentz as our teacher. We visited the Planetarium in Chapel Hill and gave Tom Sawyer as a play. We will never forget each Friday because Mrs. Lentz always treated us to a pepsi! Larry Thomas joined us this year.

The sixth grade was taught to us by Mrs. Cornelia Cheek Crawley. This year we found to be harder as we learned more and more education. We visited the Duke Gardens and toured Durham, North Carolina.

Our seventh grade teacher, Mrs. Frances Wicker, we will always remember because of the English she taught us!! We went to the State Fair this year. We also learned what basketball was all about when we started playing it for the first time. Robert Kirby joined us this year.

In the eighth grade, Mrs. Rochelle Fulton, was our patient teacher. This year we began to look forward to the years that lay ahead for us, those long-awaited high school ones! We visited the Duke Gardens and Duke Chapel plus many other interesting sights in Durham. Elizabeth Carpenter joined us this year.

Reaching our Freshman year we had finally made it to high school and were just as green as Freshmen always are! Mr. C. P. Farmer, our sponsor, helped us through this year. We enjoyed a weiner roast at Aberdeen Lake. We were also responsible for the decorations at the annual Farewell Party for the Seniors; we used the theme, "I Could Have Danced All Night."

Sophomores—under the leadership of Mr. N. L. Smith, we explored high school more as we became feeling more like adults. With the help of our sponsor, Mr. Smith, we sponsored a dance and served as waiters and waitresses at the Junior-Senior Banquet. Jean Hedgpeth joined us this year.

Juniors—we were now well on the way to attaining our goal with the help of our sponsor, Mrs. Dorothy Riddle. With this year becoming more important with the problems which lay in store for us we faced and solved them as best we could. Our Junior Play, "Delightfully Young" and the Junior-Senior Banquet we gave honoring the seniors, "Mardi Gras," were thrilling experiences we will long remember. We ordered our class rings, sold candy, and sponsored a sock hop. We also learned what it was to have to raise money for our needs.

Seniors—our last year in high school was now before us and under the patience and understanding of Mrs. Dorothy Riddle, our sponsor, we were led through those last momentous days. The Junior-Senior Banquet, honoring us, our Senior Play, our trip to Washington and New York, plus many other parties and activities were sentimental as well as wonderful moments that we will always remember and hold dear to us!

Graduation—sadly and proudly we received our diplomas, and departed from our beloved "Ole D.R.H.S." and fellow classmates. Our twelve years in school were long, happy, and learning ones. What we have learned will always stay with us throughout life. We will add to it each day, because the growth of knowledge never dies.

Prophecy

One day while sitting at my desk, June 1, 1972, I started thinking of those wonderful school years of mine. It seemed as if I could hear the laughter and joy that had gone on in the halls at dear "Ole D.R.S." that last year I shall never forget. I looked around my office and saw things that reminded me of my classmates.

First, as I looked at the filing cabinet I thought of Elizabeth Carpenter who now helps her husband, Harold, keep his office in shape. They are owners of Kelly Insurance Agency, the largest in Northview, so I hear.

On the front of a magazine, which catches my eye, I noticed the name "Barbara," why, it's a Sports magazine and I notice that Barbara Harrington has just been named Coach of the Year for her work with the Women Globe Trotters. Keep up the dribbling, Coach!!!

The phone rings and who should be at the other end but Ricky Lawton, now head of Lawton Construction Company; he's wanting to know the wereabouts of a certain blackhead!!!

As I hear the hum of a plane's motor overhead, I think of Nicky LaSalvia. He not only pilots a plane, but owns the Pan-American Airlines. He and all the cute stewardesses seem to be getting along fine.

Standing by the window, I see the neon lights flickering on reading, "Jean's Saloon," this could be none other than Jean Hedgpeth who now, after several years, has her own shop and her hair styles are famous the world over. Who is this guy helping you manage the shop, Jean???

A truck speeds down the road with a sign that reads Brown Trucking Company. Of course, the owner is none other than Raymond Brown who not only owns the trucking company, but part of a construction company also!

Linda Gunter, who has become a fashion model, told me at a concert last week that Judy Riddle is now working in the United Nations after completing her business courses at Sanford Business College. Let's not get too friendly with those diplomats, Judy, or have you already got a tall, handsome one on your mind that you've had picked out for some time now??

Headlines of the newspaper lying on my desk says that the team of Covington and Thomas are doing wonders in their fields of science. They've discovered things no one else ever thought existed. Of course, I remember them as John and Larry, especially in our physics class.

Raymond Womble and Jimmy Clifton pop into my mind as I look at the stack of untyped papers lying on my desk! Both finished at East Carolina College. Jimmy, who always was the fastest at the typewriter, is head teacher of Business Administration at E.C.C. (Why isn't that darkhaired beauty getting more words per minute, Jimmy?) Raymond finished along with Jimmy, but he's begun to coach back at Deep River High; (how, I don't know, with all the girls, especially the small blond, who is continuously after him.)

News flashes over my radio saying that Duncan Harrington, who entered the Army after high school, is now head of the team of astronauts who take annual trips through the solar system. They've just returned home to their families.

During my lunch hour I ran into Maria Godfrey, the former Maria Lyczkowski, who has just taken her three darling children to Roger's Nursery. She says Pauline, the owner, certainly has a way with children. (She should, because she sure had enough practice during our school years.)

On my way back to the office I saw a Florist Truck. Why, that's Robert Kirby driving it; one of his boys must be ill because he owns Kirby's Florist and his wife takes the orders. They seem to be getting large orders throughout the states and the phone rings constantly.

Next to my office a new brick building has just been built. I couldn't help thinking of Jimmy Richardson who is still working at Sanford Brick and Tile Company. He's due for a promotion next year, and I know this will please Linda, with their second child starting to school in the fall.

There's a stand with fresh vegetables and ah, yes, there's David McDuffie selling them. He seems to be doing better with his crops each year. David is farming and buying more land everyday to expand his farm.

I seem to have forgotten Johnny Watson, but if anyone reads the Art Magazines, they'll see his name on nearly every page. He's now in Europe designing fashions for a new French Actress!!!

Whoops! there's Watson and Company. I guess I'd better go in and get busy or James will be calling to see what's wrong. He's not only my boss at work, but also the boss at our home. I'd better get back to work, because that's enough reminiscing for one day!!
